PART V: REVIEW OF SUMMARY, METHODOLOGY AND EXPLANATION

Texas Labor Code §413.011(a-d), titled *Reimbursement Policies and Guidelines*, and Division rule at 28 Texas Administrative Code §134.1, titled *Use of the Fee Guidelines*, effective May 16, 2002 set out the reimbursement guidelines.

1. For the services involved in this dispute, the respondent reduced or denied payment with reason codes:
 - W10-No maximum allowable defined by fee guideline. Reduced to fair and reasonable.
 - W4-No addl reimbursement allowed after review of appeal/reconsideration. Reimbursement for your no additional monies are being paid at this time. Bill has been paid according to state fee guidelines or rules and regulations.
2. This dispute relates to outpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 TAC §134.1, effective May 16, 2002, 27 TexReg 4047, which requires that "reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable rates as described in the Texas Workers' Compensation Act, §413.011."

3. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
4. Division rule at 28 TAC §133.307(e)(2)(A), effective January 1, 2003, 27 TexReg 12282; and applicable to disputes filed on or after January 1, 2003 requires that the request shall include "a copy of all medical bill(s) as originally submitted to the carrier for reconsideration in accordance with §133.304." This request for medical fee dispute resolution was received by the Division on May 4, 2005. Review of the documentation submitted by the requestor finds that the requestor has not submitted a copy of the original bill. Therefore, the requestor has failed to complete the required sections of the request in the form, format, and manner prescribed by the Division sufficient to meet the requirements of 28 TAC §133.307(e)(2)(A).
5. Division rule at 28 TAC §133.307(e)(2)(C), effective January 1, 2003, 27 TexReg 12282; and applicable to disputes filed on or after January 1, 2003 requires that the request shall include "a table listing the specific disputed health care and charges in the form, format and manner prescribed by the commission". Review of the documentation submitted by the requestor finds that the requestor has indicated that the amount billed for the services in dispute is the total for all services charged on the hospital bill; however the documentation does not support that all of the services in dispute were rendered on the date of service listed on the requestor's *Table of Disputed Services*. The requestor listed the disputed date of service as 10/26/05 on the *Table*; the total charges on the bill were for date of service 10/24/05, 10/25/05 and 10/26/05. Therefore, the requestor has failed to complete the required sections of the request in the form, format, and manner prescribed by the Division sufficient to meet the requirements of 28 TAC §133.307(e)(2)(C).
6. Division rule at 28 TAC §133.307(g)(3)(C), effective January 1, 2003, 27 TexReg 12282; and applicable to disputes filed on or after January 1, 2003 requires the requestor to send additional documentation relevant to the fee dispute including "a statement of the disputed issue(s) that shall include: (i) a description of the healthcare for which payment is in dispute, (ii) the requestor's reasoning for why the disputed fees should be paid or refunded, (iii) how the Texas Labor Code and commission [now the Division] rules, and fee guidelines, impact the disputed fee issues, and (iv) how the submitted documentation supports the requestor position for each disputed fee issue. Review of the submitted documentation finds that the requestor did not discuss or explain how the Texas Labor Code and Division rules impact the disputed fee issues, or how the submitted documentation supports the requestor's position for each disputed fee issue. The Division concludes that requestor has not provided documentation sufficient to meet the requirements of Division rule at 28 TAC §133.307(g)(3)(C).
7. Division Rule at 28 TAC §133.307(g)(3)(D), effective January 1, 2003, 27 TexReg 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement in accordance with §133.1 of this title (relating to Definitions) and §134.1 of this title (relating to Use of the Fee Guidelines)". The requestor asks in the DWC-60 *Table of Disputed Services* for increased reimbursement that "Medicare would have reimbursed our facility for APC 154 at rate 1403.20 and would have reimbursed the 2nd surgery (also APC 154) at 701.60. Knowing that TWCC is wanting to move to a %-over-medicare we believe a payment of 140% of the Medicare allowable would yield a fair and reasonable amount for these services." The requestor did not discuss or explain how it determined that the 140% Medicare rate would yield a fair and reasonable reimbursement. Nor did the requestor submit evidence, such as redacted EOBs showing typical carrier payments, nationally recognized published studies, Division medical dispute decisions, or documentation of values assigned for services involving similar work and resource commitments, to support the proposed methodology. Nor has the requestor discussed how the proposed methodology would be consistent with the criteria of Labor Code §413.011, or would ensure similar reimbursement to similar procedures provided in similar circumstances. Review of the documentation submitted by the requestor finds that the requestor has not discussed, demonstrated or justified that the payment amount sought is a fair and reasonable rate of reimbursement in accordance with 28 TAC §134.1. The request for additional reimbursement is not supported.
8. The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307(e)(2)(A), §133.307(e)(2)(C), §133.307(g)(3)(C) and §133.307(g)(3)(D). Therefore, the requestor failed to meet its burden of proof to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.
